

The Battle of Sun and the Wind, The Big Shakeup

Written by staff

Thursday, 20 October 2011 16:31 -

Alternative Energy patch has become the biggest battle field ever, Billion Dollar market cap companies are biting the dust on a weekly basis. Huge consolidation is taking place.

The Sun is getting hotter, the Wind is blowing faster and, the Battery Charging Stations are spreading like weeds. Its getting harder to predict. However, who ever survives the carnage will emerge badly bruised and, none will make the 'real money' for a long time.

Stocks to Watch JASO, PLUG 10-20-2011

JASO - JA Solar Holdings manufactures photovoltaic solar cells and solar products, the company is based in China. Its main products include monocrystalline, multicrystalline solar cells and solar modules. The company also provides silicon wafer and solar cell processing services.

JASO is considered to be one of the top low cost manufacturers.

Stock is down significantly, bouncing back from 52WK

Lows, keep an eye!

PLUG - Plug Power, an alternative energy technology provider, it makes fuel cell systems for the industrial off-road markets and stationary power markets. It develops and sells a range of fuel cell systems comprising hydrogen-fueled Proton Exchange Membrane (
