

AVI, Avi Bio Pharma, Profile, Summary

Written by staff

Tuesday, 15 November 2011 16:06 -

AVI Bio Pharma is a leader in RNA based technology, the company is developing a range of potential therapeutic compounds that target different types of RNA. Unlike most other RNA-based approaches, [AVI's](#) technology has been used to directly target both messenger RNA (mRNA) and precursor messenger RNA (pre-mRNA) to either down-regulate or up-regulate targeted genes or proteins.

This Bio-pharmaceutical company has several drugs in the pipeline, and strategic alliances with leading institutions and pharmaceutical firms. The company also has collaborative agreements with select academic, governmental and non-governmental organizations. **Very Attractive, Medium to Long Term, Bouncing Back from 52WK Lows.**
