

Solar Stocks rising, more homeowners opting for lease,

easy and affordable buying options increasing the solar foot print,

companies like Solar City and Sun Power are poised to rake-in huge cash.

Solar installers are doing a brisk business in California and other states, subsidies, credits and other incentives are driving the growth. SolarCity, the new \$1.5 billion solar kid on the block and other companies are benefiting from the new business model.

Top Solar Stocks picks for 02/19/2013, YGE, JASO, SOL,
