

Hot Stock Picks Tuesday 11/16/10

Global Banking crisis and our own domestic situation is finally

taking a toll on the stock market.

Bears were looking for a perfect crisis and their wish has been granted.

European Banking Crisis and QE2 debate proving to be the right mix for Bears to feast on.

We think our members should be cautious and take defensive positions.

As we indicated yesterday, Retail stocks are doing a little better and continue to out perform.
