Hot Stock Picks for Tuesday 07-26-2011

EEE - Evergreen Energy is a cleaner coal technology, energy production, and environmental solutions company. It operates two clean energy business units that own two proprietary technologies: K-Fuel, and the GreenCert suite of software and services. **Very Attractive, keep on your list.**

ASTI - Ascent Solar Technologies is focused on commercializing flexible photovoltaic (PV) modules using its proprietary technology. It manufactures thin-film copper-indium-gallium-diselenide PV modules on plastic substrate and laser pattern the layers to create interconnected PV cells, or PV modules, through monolithic integration process.

**Bouncing back from
52WK
Lows, keep an eye.**
