Friday, 29 July 2011 14:50 -

Hot Stock Picks for Friday 07-29-2011

MDW - Midway Gold is engaged in acquisition and exploration of mineral properties in North America. Its principal properties include the Spring Valley, Midway, Pan, and Gold Rock gold and silver mineral properties located in Nevada; and the Golden Eagle gold mineral property located in Washington. **Very Attractive, must be on your list.**

PRKR – ParkerVision makes proprietary radio frequency (RF) products for semiconductor circuits and wireless communication products. The company offers its wireless technologies for processing RF waveforms in wireless applications. Its technology applies to transmit and receive functions of a radio transceiver.

Very Attractive, keep an eye.
